Various Leaders In Both Profit-Taking, However, Is Prospect of Maximum Lim-Listed and Curb Stocks Deterrent Factor On it On Hog Values Has

half miles southeast of Burkburnett, where we have now two producing wells in the shallow field.

We Are Now Drilling

on our one hundred and seven acre lease in the Iowa Park field. where there are a number of good producers is the 700 foot sand. Our lease is located east of the Watkins well and south of the Zink wells. Many an oil company has been organized in these fields on leases of less value than any one of the four listed above. Judging by the experience of those who have drilled successfully everyone of these properties is almost a sure thing. Should only one of them prove a success then every stockholder will reap a profit. Should two or three of them make good you can imagine what a winner this company will be.

The Company Will Build a Refinery and each stockholder will participate in the profits of that refinery.

It is intended to push our own production until the oil from our own properties will keep our refinery running at its full capacity, thus reaping the profits from both the refinery and from the producing

Our Stock Now on the Market

We are placing stock in the ALERT OIL & REFINING COMPANY on the market at 10 cents a share and invite the cateful investors of this section to come in with us and help to build a large and profitable business. Mr. C. D. Colburn, well known at Wichita Falls, is secre-

tary and general manager of the company. Remember the Stock is only 10 cents a Share
